

# 2019 Junior Academy Schedule

The Woodforest Junior Academy is not a seasonal, one time a year program. Our Academy will extend throughout the year with a spring, summer, and fall series. We will teach and explain all facets of the game, along with an on course experience. Our goal is to offer a fun-learning atmosphere for all camps, so that our students have a desire to come back and learn the great game of golf from the Professionals at Woodforest Golf Club. The Woodforest Junior Academy is directed by PGA Professional Jon Baacke. He has over 15 years of experience in teaching and developing the game of young golfers. Jon provides fun and exciting ways to present the information and techniques to help develop the student's talents.

**We hope that your junior golfer has a great time at the Woodforest Junior Academy!!!**
